Maintaining Present Structures, Using Them to the Optimum Must Be Part of Campus Master Plan

Editor's Note: The following is the third in a series of articles about the capital plan and the campus master plan being developed by the University Facilities and Campus Planning Committee.

At the University of Maine, capital planning comes at a time when it is estimated that half the buildings on campus are "somewhat accessible" to persons with disabilities, and few if any buildings are in full compliance with the Americans With Disabilities Act. The Facilities Management budget has been hit so hard by recent budget cuts that E&G dollars in the Facilities Management budget earmarked for maintenance constitute less than half of 1 percent of the insured reimbursement value of non-residential facilities. Any major improvements to infrastructure - the facilities outside buildings including roads, sewer, and electric, steam and communication lines, almost mandate outside funding because there is little or no E&G money available beyond basic maintenance.

But as the University Facilities and Campus Planning Committee gathers public input in its development of a capital plan for submission to the Chancellor's Office by Nov. 1 and a campus master plan for UM President Fred Hutchinson by Dec. 1, it is clear that the ADA and other mandates for accessibility for persons with disabilities, as well as facility/infrastructure needs, must be considered.

Deferred maintenance and relegation of accessibility issues to lower priority status are no longer the answers to the allocation of scarce funding.

"The focus in the last 10 years has been on new buildings and substantial renovations," according to UM Facilities Management Director Tom Cole. "In all those new projects, a percentage of the budget was dedicated by law to meeting accessibility standards." *continued on page 6*

ADA Self-evaluations to Pinpoint, Help Prioritize Accessibility Problems

The University of Maine is required to make all of its programs accessible, except where doing so would result in either a fundamental alteration in the nature of the program, or undue financial and administrative burdens. Program access requirements of the Americans With Disabilities Act do not require the University to make each existing facility immediately accessible. However, if structural changes in existing facilities are necessary in order to make the programs or services accessible, such changes must be made no later than Jan. 26, 1995.

For nonstructural changes that do not impose an undue hardship and that provide programmatic accessibility, there is no transition period. Such nonstructural changes as the redesign of equipment, moving programs or services to accessible buildings, and making provisions for auxiliary aids and services must be carried out immediately. *continued on page 7*

Barn Dedication to Honor Long-standing Agricultural Heritage of Page Family

Henry Page's first memories of the University of Maine are as a youngster attending an annual gathering of 4-Hers from throughout the state. And in 1929, for winning first place in a cattle judging demonstration on campus, he received a gold watch fob.

When he talks of the University, Page also remembers his mother and father. "My father, mother and I were here often," he said. "Ever since I can remember, they always took a week off to attend Farm and Home Week at the University. They thought a lot of the University of Maine."

Last year, when Page was asked to give a donation to the turn-of-the-century barn that would one day be the home of a farm and home museum, he did so in honor of his parents. Sept. 19, in a ceremony at the barn that is now undergoing restoration, the dedication of the Page Farm and Home Museum will take place in honor of Page, to memorialize his late parents, Edwin and Vesta Cleveland Page, and in recognition of the family's long-standing agricultural heritage.

"I made the donation because of my mother and dad," said Page, a retired farmer who now lives in Glenburn, less than a mile from the old family homestead in Hermon. "I thought this would be a good way to honor them."

Page, 81, today is one of two surviving siblings from a family of 13 children. He describes his father as "a very progressive farmer" who raised registered Jersey cattle and other animals, as well as a myriad of crops and farm products - from berries and honey to apples shipped as far south as Boston. Edwin Page reportedly built the first silo in the town, the farm had its own electric generator "long before the electric line came by the

continued on page 11

Henry Page Sr. of Glenburn contributed a gift of more than \$100,000 to name the Page Farm and Home Museum in honor of his parents, long-time Penobscot County farmers Edwin and Vesta Cleveland Page of Hermon.

University's External Funding Continued to Grow

External funding for research, instruction and public service projects at the University of Maine increased for the seventh straight year and reached \$16.9 million this year, the largest amount ever, according to a 1992 fiscal year-end report.

"This continued growth in our outside funding speaks well for the quality of our faculty who are able to compete successfully for grants and contracts during times of increasing competition for scarce dollars," said Paul Uttormark, director of the Research and Sponsored Programs Office at the University.

Projects funded in fiscal year 1992 involve 217 faculty and professional staff representing 53 departments or units at UM. Of the new funding in 1992, 70 percent came from federal agencies, 9 percent from state and local government, 9 percent from private industry, and 12 percent from other private sources, including foundations.

"University research activities span all disciplines and show the breadth and depth of our faculty's expertise. UM faculty have a commitment to research that is important to the state's economy and quality of life," said Judith Bailey, interim vice president for Research and Public Service. "An important part of our efforts are the long-standing collaborations that have been forged with Maine communities, government and business."

UM's broader mission as a major contributor to national and

international research is evident in such world-renowned research as the leading National Science Foundation-funded work to understand global climate change, materials science and acid rain, Bailey said.

The U.S. Department of Education, at \$2.8 million, and the National Science Foundation, at \$2.6 million, were the two federal agencies with the largest awards to UM this year. Funds from the U.S. Department of Agriculture totaled \$1.1 million, and the National Oceanic and Atmospheric Administration and the federal Environmental Protection Agency each awarded UM researchers more than \$900,000 for separate projects.

U Maine Calendar

SEPT. 21-OCT. 1

All events are free and open to the public unless otherwise specified. Any speaker not otherwise identified is a member of the University of Maine faculty, staff or student body. Send notices of upcoming campus events to: *Maine Perspective* Calendar Public Affairs. Calendar of events listings MUST be type-written and should be sent AT LEAST TWO WEEKS in advance. Deadline for each issue: 9 a.m. Friday. For more information, call x3745.

Last Minute Notes:

Annual Fall Meeting of the Maine Chapter of Children's International Summer Villages, 2-4 p.m., Sept. 20, Doris Twitchell Allen Community Center. 866-4643 or 827-7014.

21 Monday

"Connecting an MS-DOS Machine to the Campus Net Using CUTCP," a CAPS Brown Bag Session, NOON-1 p.m., Sept. 21, CAPS. x3518.

Dune, a No Popcorn Cinema presentation, noon, Sept. 21, Nutter Lounge, Union. x1734.

Resume Writing Basics, a Career Center workshop, 2:15-3 p.m., Sept. 21, Chadbourne Hall. x1359.

"Abuse in Relationships: The Words, the Actions, the Impact," a lecture by Assistant District Attorney Michaelene McCann, executive director of the Victim/Witness Assistance Program, Essex County District Attorney's Office, Salem, Mass., 7 p.m., Sept. 21, Hauck Auditorium. x1785.

22 Tuesday

Intro to Excel 3.0, CIT's MAC software training for faculty, students and staff, 8-9 a.m., Sept. 22, 124 Barrows Hall. x2500.

"Conflicts in Young Adult Relationships: Female and Male Perspectives," a presentation by Renate Klein, Visiting Research Scientist, School of Human Development, and Postdoctoral Fellow, University of Cologne, Germany, part of the Women in the Curriculum Lunch Series, 12:15-1:30 p.m., Sept. 22, Sutton Lounge, Union. x1228.

Career Center Interviewing Techniques Workshop, 2:15-3 p.m., Sept. 22, Chadbourne Hall. x1359.

"The Psychobiology of Undersocialized Aggressive Conduct Disorder," a Psychology Colloquium by Professor Herbert Quay, University of Miami, 3:30-5 p.m., Sept. 22, Sutton Lounge, Union. x2049.

"Electronic Mail," a CAPS Seminar by Betty Johnson, 3:30-5:30 p.m., Sept. 22, 227 Neville Hall. x3518.

Sigma Tau Delta Meeting, the first of the academic year for the English honor society, 7 p.m., Sept. 22, 304 Neville Hall. Meeting open to anyone interested. x8025 or x3817.

23 Wednesday

Macintosh Literacy, CIT's MAC software training for faculty, students and staff, 8-9 a.m., Sept. 23, 124 Barrows Hall. x2500.

"The Basics of Supervision: Improving Supervisory Effectiveness," a Management Programs seminar by Guvenc Alpander, 9 a.m.-4 p.m., Sept. 23, Mahogany Room,

Wells Commons. Admission. x3361. WordPerfect 5.1 File Management, CIT's DOS software training for students, 9-10 a.m., Sept. 23, 255 Stevens Hall. x2500.

Absolute & Relative Values in Lotus, CIT's DOS software training for students, 10-11 a.m., Sept. 23, 255 Stevens Hall. x2500.

Intro to DOS-based PCs, CIT's DOS software training for students, 11 a.m.-noon, Sept. 23, 255 Stevens Hall. x2500.

Miami Blues, a No Popcorn Cinema presentation, noon, Sept. 23, Nutter Lounge, Union. x1734.

"Progress Towards Universal Health Care in Maine," a panel discussion, part of the Healthspeak Series, 12:20 p.m., Sept. 23, Bangor Lounge, Union. x1734.

Career Center Cover Letter Writing Workshop, 2:15-3 p.m., Sept. 23, Chadbourne Hall. x1359.

Faculty Senate Meeting, 3:15 p.m., Sept. 23, Lown Rooms, Union. x1167.

"The Beacon College: Instrument for Systemic Reform of Math & Science Education," by Steven Rogg, part of the Science Education Seminar Series, 4-5 p.m., Sept. 23, 216 Shibles Hall. x2481.

Deadline for submitting resumes for on-campus interviews with the following companies: Loiselle and Beatham, CPAs; Haverlock Estey & Curran; Lockheed Sanders Inc.; Naval Undersea Warfare Center Division, Newport; Merck & Co. Inc.; Calgon Water Management Division; National Starch and Chemical Co.; Mitre Corp.; 4:30 p.m., Sept. 23, Chadbourne Hall. x1359.

"One Night Stand Coffee Breaks," with Barney and Michael Martin, 8 p.m., Sept. 23, Damn Yankee, Union. x1734.

24 Thursday

Intro to Filemaker Pro Database, CIT's MAC software training for faculty, students and staff, 8-9 a.m., Sept. 24, 124 Barrows Hall. x2500.

WP5.1 File Management, CIT's DOS software training for faculty and staff, 8-9 a.m., Sept. 24, 255 Stevens Hall. x2500.

"Introduction to the Pediatrician's Role in Environmental Health, and Introduction to Toxicology," by Dr. Paul LaMarche, Marquita Hill, and Dr. Paul Reinstein, part of the Kids and the Environment: Toxic Hazards lecture series, sponsored by the Maine Toxicology Institute and Eastern Maine Medical Center's Department of Pediatrics and Department of Family Practice, 8-9:30 a.m., Sept. 24, Conference Room 2B, EMMC, Bangor. x2301.

"Leading the Third Sector — Philanthropy: Skills for Non-Profit Managers," a Management Programs seminar by Linda Cross Godfrey, president of Atlantic Leadership Institute, 9 a.m.-4 p.m., Sept. 24, Woolley Room, Doris Twitchell

Allen Village. Admission. x3361. Absolute & Relative Values in Lotus, CIT's DOS software training for faculty and staff, 9:30-10:30 a.m., Sept. 24, 255 Stevens Hall. x2500.

Intro to DOS-based PCs, CIT's DOS software training for faculty and staff, 11 a.m.-noon, Sept. 24, 255 Stevens Hall. x2500.

"Report From Cuba: Socialism or Death?" slides and talk by Michael Howard, part of the Socialist and Marxist Studies Luncheon Series, 12:20-1:30 p.m., Sept. 24, Bangor Lounge, Union. x3861.

Job Search Strategies in Science/Engineering/Technical Fields, a Career Center workshop, 3-4 p.m., Sept. 24, Chadbourne Hall. x1359.

"Introduction to the Apple Macintosh," a CAPS Seminar by Eloise Kleban, 3:30-5:30 p.m., Sept. 24, 124 Barrows Hall. x3518.

Dune, a No Popcorn Cinema presentation, 7 p.m., Sept. 24, Nutter Lounge, Union. x1734.

Movie: *Paris is Burning*, part of the Not at the Mail Film Series about contemporary social issues, 7 p.m. and 9:30 p.m., Sept. 24, Hauck Auditorium. Admission. x1417.

25 Friday

"T.G.I.F." Jazz, 12:15 p.m., Sept. 25, Bangor Lounge, Union. x1735.

Lecture by Ela Bhatt, a founding member of Women's World Banking, 1-3:30 p.m., Sept. 25, Bangor Lounge, Union. x1508.

Men's Soccer with Drexel, 4 p.m., Sept. 25. xBEAR.

Miami Blues, a No Popcorn Cinema presentation, 7 p.m., Sept. 25, Nutter Lounge, Union. x1734.

26 Saturday

"Franco-American Tales," a presentation by storyteller Kevin Duplissie as part of the Hudson Museum's Just for Kids series, 10 a.m., Sept. 26, Maine Center for the Arts. Registration. x1901.

Field Hockey with Colgate, 11 a.m., Sept. 26. xBEAR.

Movie: *Fried Green Tomatoes*, 6:30 p.m. and 9:15 p.m., Hauck Auditorium, Union. Admission. x1734.

Hillel Meeting, 7 p.m., Sept. 26, Union. x1789.

27 Sunday

Women's Tennis with Salem, noon, Sept. 27. xBEAR.

Men's Soccer with Delaware, 1 p.m., Sept. 27. xBEAR.

Movie: *The Great Mouse Detective*, 2 p.m. and 6:30 p.m., Sept. 27, Hauck Auditorium, Union. Admission. x1734.

28 Monday

Local Hero, a No Popcorn Cinema presentation, noon, Sept. 28, Nutter Lounge, Union. x1731.

29 Tuesday

Filemaker Calculation & Summary Fields, CIT's MAC software training for faculty, students and staff, 8-9 a.m., Sept. 29, 124 Barrows Hall. x2500.

Scientific Equipment Show by Fisher Scientific, 8:30 a.m.-3:30 p.m., Sept. 29, Lown Rooms, Union. 800-955-9999.

"Middle-aged Homeless Women Speak About Their Lives," a presentation by Sandy Butler, part of the Women in the Curriculum Lunch Series, 12:15-1:30 p.m., Sept. 29, Bangor Lounge, Union. x1228.

An Adventure in Chinese Songs and Dances, part of the Maine Center for the Arts Performance Series, 7 p.m., Sept. 29, Hutchins Concert Hall. Admission. x1755.

Monthly Meeting of the Bangor Art Society, featuring a learning critique on paintings done by members, 7 p.m., Sept. 29, 1A Belfast Hall, Bangor campus. 945-9967.

30 Wednesday

Formatting Word 5.0 Documents, CIT's MAC software training for faculty, students and staff, 8-9 a.m., Sept. 30, 124 Barrows Hall. x2500.

Lotus Database Functions, CIT's DOS software training for faculty and staff, 9-10 a.m., Sept. 30, 255 Stevens Hall. x2500.

"Finance and Accounting for Non-Financial People: A Financial Primer for Non-Financial Personnel," a Management Programs seminar by Quentin Dombro, president, Entre Computers, 9 a.m.-4 p.m., Sept. 30, Woolley Room, Doris Twitchell Allen Village. Admission. x3361.

Intro to DOS, v3.2, CIT's DOS software training for faculty and staff, 10-11 a.m., Sept. 30, 255 Stevens Hall. x2500.

Formatting WP5.1 Documents, CIT's DOS software training for faculty and staff, 11 a.m.-noon, Sept. 30, 255 Stevens Hall. x2500.

Hoosiers, a No Popcorn Cinema presentation, noon, Sept. 30, Nutter Lounge, Union. x1731.

Men's Soccer with Thomas, 4 p.m., Sept. 30. xBEAR.

Ongoing Events

"Matt Lewis: Starshock," a University of Maine Museum of Art exhibit, Sept. 21-Oct. 2, Carnegie Gallery. x3255.

"Collecting Past Due Accounts: Commercial/Consumer," a Management Programs course by Bettie Jean Taylor, principal, BJT Properties, 9 a.m.-4 p.m., Sept. 25-26, Woolley Room, Doris Twitchell Allen Village. Admission. x3361.

"Introduction to MS-DOS," a CAPS Seminar by Betty Johnson, Tuesdays, 3:30-5:30 p.m., Sept. 29-Oct. 6, 227 Neville Hall. x3518.

4th Annual Atlantic Institute Seminar, 8:30 a.m.-5 p.m. Oct. 2, 8:30 a.m.-noon Oct. 3, Woolley Room, Doris Twitchell Allen Village. Admission. x2187 or x2204.

"Personnel Law," a Management Programs course by Wayne Doane, attorney, Law, Cuddy & Lanham, and Robert Keane, human resource consultant, 9 a.m.-4 p.m., Oct. 2-3, Lown Rooms, Union. Admission. x3361.

"Acadian Hard Times," a University of Maine Museum of Art exhibit, through Oct. 2, Graphics Gallery, Union. x3255.

Living History Days at the Maine Forest and Logging Museum, 9 a.m.-4 p.m., Oct. 3-4, Leonard's Mills, Bradley. Admission. x2871.

"The Landscapes of William Moise," a University of Maine Museum of Art exhibit, through Oct. 7, Hole In the Wall Gallery, Union. x3255.

"Introduction to UNIX," a CAPS Seminar by Betty Johnson, Thursdays, 3:30-5:30 p.m., Oct. 8-15, 227 Neville Hall. x3518.

"It Works! The Maine Crafts Association Annual Juried Functional Crafts Exhibition," a University of Maine Museum of Art exhibit, through Oct. 10, 1938 Gallery, Carnegie Hall. x3255.

"Maine and Beyond: The Paintings of Retired UM Faculty Member Richard McCrum," a University of Maine Museum of Art exhibit, through Oct. 22, Peabody Lounge, Union. x3255.

"Through Artists' Eyes: Maine and Its People," a University of Maine Museum of Art exhibit, through Oct. 23, Hauck Gallery, Union. x3255.

"Night World," a Planetarium show, 2 p.m., Sundays, through Oct. 25. Admission. x1341.

"Remnants of Our Lives," a Hudson Museum exhibit, through Nov. 15. x1901.

"A Taste of Home," home-cooked meal prepared by local church members, Wilson Center, every Thursday, 5:30 p.m., 67 College Ave. \$1 donation. 866-4227.

Wilson Center open for coffee/quiet meetings, 8 a.m.-9 p.m. daily, 67 College Ave. 866-4227.

Newman Center/Our Lady of Wisdom Parish Weekly Liturgy: Sunday, 9:30 a.m., 6:15 p.m., Newman Center, and 11:15 a.m., Bangor Lounge, Union; Monday-Thursday, 4:45 p.m., Newman Center. 866-2155.

Wilson Center worship and celebration, followed by light supper, every Sunday, 5 p.m., 67 College Ave. 866-4227.

University of Maine Anthropology Club Meeting, every Monday, 7 p.m., FFA Room, Union. x1894.

Oratorio Society Choir Meeting, every Monday, 7-9 p.m., 217 Lord Hall. x1245.

Foreign Language Tables: French - Monday, Russian - Tuesday, German - Wednesday, Spanish - Thursday, all noon-1 p.m., 207 Little Hall. x2073.

International Folk Dance Club meets every Monday, 7-9 p.m., Lown Rooms, Union. x4194.

General Student Senate meets every Tuesday, 6 p.m., 100 Neville Hall. x1775.

Yoga and meditation at the Wilson Center, every Tuesday, 7:30-8:15 a.m., 67 College Ave. 866-4227.

Maine Peace Action Committee meets every Thursday, 4 p.m., 10 Maples. x3861.

Reflection and Action Group at the Wilson Center, every Thursday, 6-7 p.m., 67 College Ave. 866-4227.

Canterbury House (Episcopal) Midweek Eucharist and Discussion Period, every Thursday, 7 p.m., 2 Chapel Road. 866-3006 or 866-5694.

"Thursday Night at the Bear's Den" every Thursday, 8 p.m.

Muslim Prayer, every Friday, noon-2 p.m., Drummond Chapel. x2790.

International Students' Coffee Hour every Friday, 4 p.m., Bangor Lounge, Union. x1734.

Women's Tennis with Colby, 4 p.m., Sept. 30. xBEAR.

Debate: "The Abortion Issue" with the Maine Right to Life Organization and the National Abortion Rights League, part of the Guest Lecture Series, 8 p.m., Sept. 30, Hauck Auditorium, Union. x1731.

1 Thursday

Excel 3.0 Functions & Formulas, CIT's MAC software training for faculty, students and staff, 8-9 a.m., Oct. 1, 124 Barrows Hall. x2500.

Lotus Database Functions, CIT's DOS software training for students, 8-9 a.m., Oct. 1, 255 Stevens Hall. x2500.

"Creating Women-Friendly Companies: The Leader's Role," a Management Programs seminar by Linda Cross Godfrey, president, Atlantic Leadership Institute, 9 a.m.-4 p.m., Oct. 1, Woolley Room, Doris Twitchell Allen Village. Admission. x3361.

Intro to DOS, v3.2, CIT's DOS software training for students, 9:30-10:30 a.m., Oct. 1, 255 Stevens Hall. x2500.

Formatting WP5.1 Documents, CIT's DOS software training for students, 11 a.m.-noon, Oct. 1, 255 Stevens Hall. x2500.

"HIV & AIDS: A Decade of Disease, Denial and Death," by Laura Neal, Eastern Maine AIDS Network, and Steve, an HIV-positive person, part of the Socialist and Marxist Studies Luncheon Series, 12:20-1:30 p.m., Oct. 1, Bangor Lounge, Union. x3861.

"Navigating the Internet," a CAPS Seminar by Eloise Kleban, 3:30-5:30 p.m., Oct. 1, 124 Barrows Hall. x3518.

Local Hero, a No Popcorn Cinema presentation, 7 p.m., Oct. 1, Nutter Lounge, Union. x1731.

Eating, part of the Not at the Mall Film Series about contemporary social issues, 7 p.m. and 9:30 p.m., Oct. 1, Hauck Auditorium. Admission. x1417.

4TH ANNUAL ATLANTIC INSTITUTE SEMINAR Oct. 2-3, Doris Twitchell Allen Village

This two-day conference will focus on current research issues in geographic sciences (land surveying, photogrammetry, geodesy, computer mapping, geographic information systems, "geomatics," etc.). Participants will be graduate students and faculty from the Atlantic Institute (Departments of Surveying Engineering of the University of Maine and University of New Brunswick, and, Université Laval Centre de Géomatique), and representatives of private industry and local government. Registration fee is \$10. The conference is open to the public. For more information, call x2187 or x2204.

Master Plan *continued from page 1*

But now the campus must make a commitment to addressing maintenance, accessibility and similar needs out of operating expenses. That's something we should have been doing all along."

What needs to be taken into consideration are issues as seemingly simple as addressing everyday wear and tear on facilities to complying with complex safety and accessibility codes, according to Sue Estler, director of UM Equal Opportunity and the campus' ADA coordinator.

"To forge ahead with new building is not only risky but more expensive in the long run," Estler said. "We could pay the costs in law suits, quality work loss, Workers' Compensation claims and diminished aesthetics and pride in the campus.

"I don't feel accessibility has been a top priority for this campus and it should have been. We keep nickel and diming it. The reality is any planning must also take into account maintaining and upgrading present structures and using them to the optimum."

Capital planning by its very nature implies new construction and substantial renovation. Such planning also requires attention to factors that are often less visible than new construction but just as crucial - infrastructure needs and compliance with safety standards, the ADA and other codes.

"Master planning provides an opportunity for change, not only impacting that which is visible and how space is used, but how the campus responds to legislative mandates and the need to make existing buildings accessible and to provide quality work and learning environments," according to Anita Wihry, chair of the University Facilities and Campus Planning Committee and director of Institutional Planning. "Infrastructure needs and compliance with code requirements make significant demands on funds, however. Another major issue is air quality. To bring buildings up to standards in that area will require significant modifications to buildings."

"We inherited a campus built at the turn of the century that was not accessible, Estler said. "We keep chipping away, increasing accessibility wherever possible. When talking about accessibility, very often the first thought in people's minds is wheelchair accessibility. The ADA calls for access for all people. That means there has to be a logic to the standards that goes beyond installing a ramp: Can persons with disabilities use the restrooms once in the building? If there is a fire, will the blind hear an alarm and the deaf see an alarm signal? Is there directional signage in braille for the blind? And yet, the biggest accessibility issues are attitudinal. We all need to be aware of all the things needed to provide greater accessibility."

The physical resources of the University of Maine that, in

part, make this campus special, Estler said. "To let them deteriorate doesn't serve the best interest of campus. A lot of buildings were constructed in an age when the technology was very different. As a result, there are problems with such things as asbestos, ventilation and air quality."

A fraction of facility and infrastructure needs are often abated as a result of a capital project, Cole said. Even new infrastructure is dictated by capital construction. "But people need to have an understanding that anything new has to include costs for infrastructure. And new building or substantial renovation comes with a laundry list of code mandates." ▲

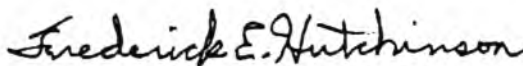

Dear Colleagues:

I want to invite all of you to participate in the creation of a Campus Master Plan. This Plan will guide the physical development of the campus over the next decade. It will address a wide variety of issues relating to the campus environment such as roads, parking, lighting, green space, future building sites, new construction priorities, renovation priorities, signage, building accessibility, and physical organization of campus activity. In addition, the Plan will identify occupants for three vacant dormitories on the campus, as well as occupants for space that will become vacant when buildings, either in the planning stage or under construction, are completed. The deadline for the Master Plan is December 1.

As part of the Campus Master Plan, new construction, renovation and infrastructure needs will be identified and prioritized. This set of projects will constitute our Campus Capital Plan. The deadline for the Campus Capital Plan is November 1. It is important that all projects we anticipate needing be identified, regardless of the likely source of funding be it E&G funds, auxiliary enterprise funding, private gifts or grant funding. The Capital Plan will be part of our response to the Board of Trustee Project 2002 planning document. Our Capital Plan will be presented to the Board in late fall. Some of the highest priority E&G capital items may be selected for inclusion in a request to the Governor and Legislature for bond funding.

I have charged the University Facilities and Campus Planning Committee with preparing the Master Plan and Capital Plan. In addition, I have charged the University Facilities and Campus Planning Committee to secure input as broadly as possible from all parts of our community. When this process is complete, we will have a program for the development of the campus that integrates and assigns priorities to the capital needs of the campus, as well as a plan for the overall development of the campus infrastructure and physical environment. The success of this effort will, in large measure, depend on the participation of each of you.

Sincerely,

Frederick Hutchinson
President

Each year the University of Maine, Orono, honors individuals who have made significant contributions to our well-being through their public service and/or creative endeavors. These individuals are awarded honorary degrees at the commencement ceremonies of the University. The Honorary Degrees Committee of the University is currently soliciting the nomination of individuals who will be considered for honorary degrees awarded during the 1993 Commencement Ceremony.

All nominations made by the public and members of the University community will be evaluated at the October 1992 meeting of the Honorary Degrees Committee. Individuals who wish to submit a nomination may acquire a nomination form by calling Barbara Rattigan, x1630, or by writing: Barbara Rattigan, Academic Affairs Office, 209 Alumni Hall, University of Maine, Orono, ME 04469-5703.

The Committee invites individuals to submit the names of persons who are worthy of this honor. In the past several years the Committee has received the names of far more individuals than it was possible to honor. Renomination of these individuals is encouraged.

Self-evaluation *continued from page 1*

At UM, such nonstructural changes to provide program accessibility have been ongoing for a number of years in compliance with Section 504 of the Rehabilitation Act of 1973.

It is estimated that, as a result of the stricter requirements imposed by the ADA, more than 43 million Americans now have increased employment and participation rights in the full spectrum of daily life.

The University of Maine's initial attempts to comply with the mandates of the Americans With Disabilities Act have been most visible on campus in recent months as efforts continue to remove as many physical barriers as possible - barriers that can preclude equal opportunities for persons with disabilities. But compliance with the ADA means much more than renovating buildings and relocating/redesignating parking spaces.

Many members of the University community will participate in the new federal law in its efforts to make public universities accessible to persons with disabilities when the ADA self-evaluation process begins. All campuses and the University of Maine System Office are required under Title II of the ADA to complete self-evaluations of the accessibility of their programs, activities and services to people with disabilities. The self-evaluations, designed to identify those areas where accessibility problems exist and to help organize/prioritize compliance efforts, must include reviews of all programs, policies and practices - everything the institution does whether on or off campus.

The self-evaluation process will begin next month, based on a design by the Barrier Free Access Committee and will be

administered by the Equal Opportunity Office.

The overall goal of the self-evaluation program is to determine what conditions must be present for people with different kinds of disabilities to participate fully in University programs and activities. In this analysis, the campus must take into account the fact that discrimination can happen not only as a result of what is in its policies, but also as a result of what is not in its policies.

If a program is not accessible when viewed in its entirety, that is a violation of the civil rights of persons with disabilities.

By year's end, results of the self-evaluations of units on the Orono campus will be compiled by a subcommittee of the Barrier Free Access Committee, chaired by Ann Smith, counselor and coordinator of Services for Students with Disabilities. Sue Estler, UM's Equal Opportunity director and the campus ADA coordinator, is responsible for administering the program. By law, the self-evaluation process must be complete by Jan. 26, and a transition plan be in the works.

Based on a review of the self-evaluations, the Barrier Free Access Committee and campus ADA coordinator will assess the compliance needs of the University and establish accessibility goals and implementation plans for the next three years. The Campus Transition Plan will, among other things, identify physical obstacles in facilities that limit access to programs or activities, describe the method used in making the facilities accessible, and specify the schedule for taking the necessary steps to achieve compliance. ▲

UM Renews Commitment to Franco-American Studies

University of Maine President Frederick Hutchinson has renewed the commitment of the state's land grant institution to the study and service of the Franco-American heritage and culture during a visit by the French ambassador to the United States.

Hutchinson told Jacques Andreani, Ambassador of France, and guests attending a recent reception that the University is embarking on a new effort to establish the campus as a regional research and resource center for the study of the Franco-American experience. Although much has been accomplished in the past 20 years, Hutchinson acknowledged more work is needed to fully recognize the social, economic and political contributions of Franco-Americans.

The renewed dedication to the study and recognition of the contribution of the nation's Franco-Americans reflects the University's continuing commitment to increase cultural diversity, understanding and appreciation in all aspects of campus life and learning, Hutchinson said.

Twenty years ago, President Winthrop Libby made the commitment that the University of Maine would pursue the study and service of the Franco-American culture and heritage, shared by about one-third of the state's population. In establishing a Franco-American Center at UM, Libby wrote that the University has a responsibility to "understand and explain the cultural and economic contributions of Franco-Americans in making us what we are today."

Hutchinson recently announced formation of a plan to strengthen and expand programs and resources to increase understanding of the region's cultural identity and diversity.

"Awareness of cultural diversity is much greater than it was 20 years ago," Hutchinson said. "We must grasp the opportunity."

Hutchinson said that over the next few months, UM will develop a specific program to realize this goal, even at a time of limited resources. Programs and services will be identified, and private and public funding will be sought to support the endeavor. Individuals and institutions will be asked to contribute time, expertise and other resources to help turn the plan into reality, according to Hutchinson. The new effort will complement the University commitment to become more culturally diverse, he said. ▲

Among the University of Maine dignitaries on hand to meet Ambassador of France Jacques Andreani were, left to right, Judith Bailey, interim vice president for Research and Public Service, John Halstead, vice president for Student Affairs, and Marisue Pickering, associate vice president for Academic Affairs.

MAINE CENTER FOR THE ARTS

U N I V E R S I T Y O F M A I N E

1992-93 Season Highlights at the Maine Center for the Arts

Remnants of Our Lives: Maine Women and Traditional Textile Arts
through November 15

Hommage à Balanchine
Featuring principal dancers of the New York City Ballet
September 20, 7 p.m.

Adventure in Chinese Songs, Dances
Music, folk dancing, martial arts and acrobatics
September 29, 7 p.m.

Penobscot Images: Early 20th Century Photographs by Frank Speck
Reception/Opening
October 13, 5:30-6:30 p.m.

American Indian Dance Theatre
Dance, music, drumming and pageantry
October 13, 7 p.m.

The Chenille Sisters
Musical performance by Connie Huber, Cheryl Dawdy, Grace Morand
October 17, 8 p.m.

New England Piano Quartette
Performance of three Brahms piano quartets
October 18, 3 p.m.

Shanghai Acrobats and Dance Theatre
Acrobatic skill and comedy with the grace and splendor of dance
November 5, 7 p.m.

Andes Manta
South American music
November 7, 8 p.m.

20th Century Music Ensemble Concert
November 12, 7 p.m.

Mark Russell
Political satire at its best
November 14, 8 p.m.

University Singers in Concert
November 15, 3 p.m.

Imagination/Image Creation
Exhibit of Native American dolls
November 16-March 30

Symphonic Band and University Orchestra Concert
November 19, 8 p.m.

Yuletide Concert
December 13, 3 p.m.

Contemporary Art from the Sepik
Exhibit of art of New Guinea
January

Music Faculty Gala
January 23, 8 p.m.

Les Ballets Jazz de Montréal
Classical ballet and modern dance
January 30, 8 p.m.

Eliot Fisk and Paula Robinson
Flute-guitar trio
February 6, 8 p.m.

New York City Opera National Company Performance of Carmen
February 17, 8 p.m.

University Orchestra Concert
February 19, 8 p.m.

Wind-Percussion Day
February 25

20th Century Music Ensemble Concert
February 27, 8 p.m.

Salute to Glenn Miller
Starring the Modernaires with Paula Kelly Jr., Beryl Davis and Herb "Ink Spots" Kenny
February 28, 8 p.m.

Palmer Gallery Reception/Reopening
Exhibit of Precolombian artifacts
March 2, 5:30-6:30 p.m.

Ballet Folclórico de Mexico
Mexico's official folk troupe
March 2, 7 p.m.

Lynn Redgrave: Shakespeare for My Father: The Life and Times of an Actor's Daughter
March 23, 7 p.m.

Hong Kong Ballet
Classical and contemporary works by Asian and Western choreographers
March 24, 7 p.m.

University Singers in Concert
March 28, 3 p.m.

Mahlathini and Mahotella Queens
South African pop music
April 1, 7 p.m.

Jean Redpath and Friends
Scottish music
April 10, 8 p.m.

The Fetish Carvers of Zuni
Exhibit of stone carvings of animals
April 15-July 15

Symphonic Band Concert
April 16, 8 p.m.

Golub-Kaplan-Carr Trio
Pianists performing Haydn, Maw, Dvorak
April 24, 8 p.m.

Camina Burana
Performed by Oratorio Society and University Singers
April 25, 3 p.m.

For tickets and information, call the Maine Center for the Arts Box Office, 581-1755.

External Funding *continued from page 2*

Research under way at the University affects nearly every segment of industry, labor and economic development in Maine, from forest management studies to marine research for the state's fishing and growing aquaculture industries, according to the report. Interdisciplinary research projects provide education and assistance to Maine blueberry farmers looking for the most effective pest management strategies, lobster processors attempting to broaden market opportunities, logging companies looking for more efficient ways to conduct their business and food processors searching for new ways to preserve their products.

New designs developed at UM for modern timber bridge construction are paving the way for an export industry potentially worth \$600 million a year. The UM research led to the Maine Timber Bridge Initiative, a cooperative effort of the University, the Maine Department of Transportation and the federal government.

Other examples of instructional, research and public service projects funded externally include:

- ▼ Work to develop transgenic potato plants that can ward off parasitic infections without the use of pesticides.

- ▼ Studies to treat and manage a microscopic organism that causes disease and high mortality in lobster pounds along the Maine and New Brunswick coast.

- ▼ Collaboration with the state Bureau of Mental Health to train, recruit and retain mental health professionals in rural areas.

- ▼ A model graduate degree program to place rural health practitioners in under-served areas of the state.

- ▼ Broad environmental research, including studies on acid rain, global warming, wildlife and solid waste management.

- ▼ Research to apply robotics and computer vision to mechanical devices to open up new opportunities in business, health and land-use planning.

- ▼ Spot satellite imagery and geographic information systems that allow land-use planners to see, analyze and monitor growth.

- ▼ Studies of supercritical fluids and their applications in the pulp and paper, forest products and plastics industries.

- ▼ Statewide programs of outreach, research and education for people with developmental disabilities and their families through UM's new Center for Community Inclusion, a University Affiliated Program. ▲

Susan Morrissey is the newest staff member of the News Media Services Division of Public Affairs. Morrissey, a former staff writer for the *Bangor Daily News*, will be covering arts and humanities on campus. In particular, she will have direct responsibility for the College of Arts and Humanities, and Cultural Affairs units including the Hudson Museum, Hutchins Concert Hall and University of Maine Museum of Art. Morrissey will be providing publicity for faculty and the various cultural events, as well as writing promotional materials for the arts and humanities.

**Spring Semester Student Teaching
Applications for Student Teaching
Are Now Available at the
Student Teaching Office, 129 Shibbes Hall.
Application Deadline: Oct. 1**

Did You Know

- ▼ The UM Museum of Art sponsors 484 exhibits of art annually in Maine schools.

- ▼ The UM Museum of Art exhibits more art (1,300 pieces) in non-gallery spaces around campus than any other university in the United States.

- ▼ Since the initiation of a Museum Studies Program at the Museum of Art in 1987 (in conjunction with the Department of Art), 90 percent of our Museum interns, after graduating, have found museum or gallery positions or have pursued graduate study in art history.

- ▼ Over the past five years, the UM Museum of Art has attracted, on average, more than \$100,000 in gifts of art each year.

- ▼ The UM Museum of Art receives in excess of 400 requests each year from artists across the country wishing to exhibit their work in one of our galleries.

- ▼ In both 1991 and 1992, Museum Director Charles Shepard curated exhibits for the Museum of Art that traveled to European museums and galleries:

- 1991 - Anders Knutsson: *Lightscares/Ljusskap* - Sweden
- 1992 - Marlene Ekola-Gerberick/Taava Miina - Finland

In preparation for the Oct. 1 kickoff of the United Way Campus Campaign, a Volunteer Appreciation Luncheon was held earlier this month for team and unit leaders. On hand for the Luncheon were, left to right, Candace Jordan, chair of the University of Maine United Way Campaign; Burt Hatlen, campus co-coordinator of MaineShare; Bill Ventura, executive director of United Way of Penobscot Valley; UM President Fred Hutchinson; and Bob Bassett, chair of the 1992 Penobscot Valley Campaign and senior vice president with Fleet Bank, Bangor. Not pictured are Fran Daly, co-chair of the campus United Way Campaign, and Bruce Littlefield, campus co-coordinator of MaineShare, an umbrella of 19 statewide advocacy and education organizations that this year employees can donate to through payroll deduction. The University of Maine United Way Campaign goal this year remains the same as last year's - \$78,000.

Farm and Home Museum *continued from page 2*

house, and he owned one of the first farm tractors in the area.

When his father died in 1931, Henry and his brothers worked the family farm. His mother died in 1941. By then, Henry had his own dairy farm and a milk route in Bangor.

In 1963, Henry served as president of the Penobscot County Extension Association 40 years after his father had served in the same position. Edwin had been active in the Association since its inception, and it seemed only natural that Henry become active in 4-H as a youth. It was in the 1920s that Henry joined a 4-H Club, and today he still remembers such leaders as Lester Shibles, Ken Lovejoy, and even Mildred "Brownie" Schrupf who "could remember the first names of each of the 200 or more of us" who came from throughout Maine for the annual meeting on campus.

"I joined the 4-H Club at age 13," Henry Page wrote in his book of family history called *Memories of Henry H. Page Sr.* (Copies of the 100-page book with pictures are \$10 with proceeds to benefit the Page Farm and Home Museum.) "In 1929 at age 18, I won an all-expense-paid trip to the Eastern States Exposition in Springfield, Mass. I expect it was probably the first time I had ever been more than 50 miles from home. (As a result) I have been with the (Pine Tree) 4-H (Club) Foundation, helping to raise funds since its inception ..."

"In addition to his involvement with the University through Cooperative Extension, and his interest as a Penobscot County dairy farmer, two of Henry Page's six children are UM graduates.

Page's was one of the earliest \$10,000 donations to the barn restoration project and, according to Win Pullen of the Maine Farm and Home Museum Committee, "it was the greatest thing that could have happened." Page's subsequent donations to the Museum totalled over \$100,000 as a naming gift. Since his donation, Page has been instrumental in soliciting other donations to the barn project. He does it, he said, because the Museum "is going to be great for anyone in the area who is interested in agriculture."

He also is devoted to the Museum because of the personal memories it evokes - memories that he captured in his family history.

"I have written," Page wrote, "in loving memory of mother and dad. It is just as I remember them. I think of them often, with great admiration. Dad's greatest quality was his strength of character and Mother's was her tenderness and affectionate spirit. Both Mother and Dad hold a special place in my heart and in my memory of times gone by." ▲

Albright in American Libraries

In the September *American Libraries Journal*, the testimony of Elaine Albright before an open hearing of the U.S. National Commission on Libraries and Information Science was cited. The hearing focused on the relationship between libraries and the proposed National Research and Education Network (NREN).

Representing ALA was Albright, dean of Cultural Affairs and Libraries. Albright stressed the importance of the funding sources that fostered the early development of NOFNET and Internet, noting that such funding will be needed "not only for tech-

nological research and development for the high-capacity network itself, but for applications and ease of use." In addition, she cited the need for low-cost, user-friendly access to the network for libraries and schools throughout the country.

Camire in National News

Mary Ellen Camire, associate professor of food science, and her success in turning waste potato peels into a high fiber flour for use in muffins and cookies continues to circulate in newspapers and magazines across the country. Camire's research recently was cited in newspaper articles in the *Orlando Sentinel*, the *Pittsburgh Post-Gazette*, the *Lansing State Journal*, and the *Great Falls Tribune*. Magazine articles appeared in the June issue of *Prepared Foods*, the August issue of *Weight Watchers*, and the August issue of *Self*.

Moen in Hearst Papers, Chicago Trib

Matthew Moen, associate professor of political science, was interviewed on political activism of the Christian Right by the Hearst Newspapers and the *Chicago Tribune*. (Aug. 30).

On The Air

Updates on Radio and Television Programming of the Department of Public Affairs

Feature Stories produced by the Public Affairs Radio News Service in the past weeks include:

Interview with visiting Ambassador Jacques Andreani
Jim Ballinger on the dedication of UM's new track
Sheri Cousins on Rape Awareness Week
Al Kezis on the community impact of the Northern New England Products Marketing and Development Center

Other features produced by the Radio News Service: University Review (airing in Portland, Biddeford, Bangor and Dover-Foxcroft) - A half-hour discussion with Robert Dana on recently released survey results on the incidence of alcohol and drug use among middle school and high school students in the state.

WERU-FM, Blue Hill - "Living on a Few Acres," co-produced by Cooperative Extension, with Bill Lilley on chainsaw safety and wood stove safety.

PART-TIME & SUMMER EMPLOYMENT PROGRAM

Once again, the Part-Time & Summer Employment Program in the Office of Student Employment, Wingate Hall, is seeking to list part-time openings as part of our free job referral service. University of Maine students not eligible for work-study positions are actively using this service to seek part-time employment ranging from temporary positions for a few hours a week to long-term part-time positions for the academic year.

If you know of any campus based, neighborhood or community part-time work opportunities, please consider posting these openings with our free job referral service. Call 581-1343 to list a job or for more information.

From the Vice Presidents' Offices

Research and Public Service

▼ Lu Zeph has been appointed director, Center for Community Inclusion for Maine's University Affiliated Program. The Center is located in 117 Alumni Hall.

▼ The Office of Development and the Office of Research and Public Service will be hosting a visit by key business leaders from the Portland, Lewiston and Auburn areas on Oct. 20. The business leaders will be touring the University's research facilities and meeting with faculty and administrators regarding research needs of industry.

▼ As a result of support from Maine's Congressional delegation, the agricultural community, the Action Committee of 50, and the Maine Science and Technology Commission, the University of Maine has received significant funding through the agricultural appropriations bill. The bill provides \$776,000 for construction of a seed potato research facility in Presque Isle; \$187,000 to purchase and install equipment for the Integrated Pest Management Program; and \$221,000 for continued development of the Northern New England Product Development and Marketing Center. The Maine Blueberry Commission also received \$185,000 for lowbush blueberry research through the Maine Agricultural Experiment Station.

Student Affairs

▼ An Admissions Wing is being offered in Somerset Hall to prospective students and families wishing to experience campus living. Contact the Admissions Office for reservation information.

▼ The SouthSide Market is now open at Stodder Commons. It offers convenience food items and accepts both cash and MaineCard funds.

▼ Two new programs have

been initiated this semester in the residence halls: The S³ Science Program on the fourth floor of Oxford Hall and a chemical-free wing in Knox Hall. The College of Sciences has hired Claire Moriarty as a coordinator for the 30+ students living and learning on the floor this year.

▼ Smoke detectors were installed in every student room this fall providing increased safety and alarm systems.

▼ The MacAct Program will expand connectivity for fall 1992 to students who bring their own Mac or MS-DOS machines for \$175 per semester in York, Hart, Stodder and Estabrooke in addition to the MacAct buildings.

▼ The Admissions Instant Application System, which enables prospective applicants to apply to the University by using a computer disk rather than a traditional "paper and pen" application, will be offered to over 1,000 guidance offices in high schools throughout New England, New York and New Jersey. Currently a Macintosh-based program is being used, but as of Oct. 15, a MS-DOS-based system will be available. This program was first piloted last year with two high schools in the Bangor area.

▼ Oct. 7, approximately 75 guidance counselors from Penobscot, Hancock, Piscataquis, Waldo and Kennebec counties will participate in a College Board Workshop here on campus. President Hutchinson will be welcoming the group. They also will be updated on changes in College Board procedures and practices as well as changes in the SAT program. The group will be invited to attend an information session on Admissions activities for the upcoming year.

▼ New employees in Student Aid: Myla Dwelley, assistant director for Loans; Susan Shogren, assistant director for

Special Programs.

▼ The Office of Student Employment, now located on the second floor of Wingate Hall, handles all on- and off-campus student employment issues.

▼ The Career Center has entered into a point project with the Alumni Association to continue and to expand the range of career services available to alumni/ae. Dale Adams, a graduate student in counselor education, has joined the staff as a graduate assistant to coordinate these services.

▼ The Career Center has developed a new brochure, "A Message to Recruiters," which has been mailed to 1,000 employers and over 800 alumni/ae mentors as a means of soliciting job announcements for graduating students and alumni/ae. A telephone follow-up will be conducted with all employers who return response forms.

▼ Maine Bound and the Game Room have been combined administratively and will be known as the Memorial Union Recreation Center. The Center will also occupy remodeled facilities directly across from the Den. Maine Bound will continue to offer such programs as: The Student Leadership program; outdoor equipment rentals; climbing wall; adventure trips; ropes courses; teaching outdoor skills; plus a variety of additional services. In the games area, billiards, video and pinball will continue. Both free play and organized competitions will characterize the use of this space which can now be administered more cost-effectively.

▼ Other new Memorial Union services include a 65-machine computer cluster and

a second ATM for faster service where literally every major bank card will be serviced. A new food vending area is also planned. Machines will dispense cold and hot drinks, snacks, fruit, salads, sandwiches, desserts and other items.

▼ Robert Dana, Substance Abuse Services coordinator, has completed a study titled *State of Maine Alcohol and Other Drug Use: An Assessment of Students in Grades 6-12*. The data generated from this study enables thoughtful program planning and monitoring of trends in substance use and abuse by 6-12th grade students in Maine. Copies of this report are available through Substance Abuse Services (581-4016).

University Development

▼ The Campaign for Maine heats up with major gift solicitations spreading into eastern Massachusetts, Rhode Island and Connecticut. The Campaign totals \$36.7 million in cash and pledges, with the University Family Phase nearing the \$900,000 mark.

▼ Effective Sept. 1, two key personnel have been recruited to assist the Development team. Brenda Cook joined the Campaign effort as Campaign manager and will be responsible for coordinating all phases of the Campaign fund-raising plan. Evelyn Trotzky is placing half her time with the coordination of the Bangor Region of the Major Gifts Division.

▼ IBM just committed \$150,000 in equipment to the Laboratory for Surface Science and Technology with Professor Dan Dwyer as project officer, working with Bob Bartlett, director of Corporate Relations.

EXTENSION IN FOCUS

Open-Air Education at Yankee Woodlot Forestry Camp

I attended Yankee Woodlot Forestry Camp about eight years ago. It was excellent. The best aspect of Camp is that it brings together all of the necessary components. The instructors teach you all you need to know about private woodlot management.

Charles Bassett, owner of woodlots in Arundel and Lyman

Extension makes education happen outside the classroom. Extension programs emphasize hands-on, practical learning. The Yankee Woodlot Forestry Camp, held every September at Tanglewood 4-H Camp in Lincolnville, is no exception. This year, the Forestry Camp will be held Sept. 21-28.

Since 1982, approximately 150 people have come to Yankee Woodlot Camp each fall. They come from all over New England, the country, and in some cases the world, to learn how to manage their woodlots. The purpose of the five-day program is to help participants develop, organize and carry out goals for their woodland property.

Yankee woodlot campers stay in wood-heated cabins that sleep two to five people. Meals, coffee breaks, a tree-measuring stick and handouts are included in the camp fee, which was \$150 per person last year.

Bud Blumenstock, Extension forestry specialist

and one of the directors of Yankee Woodlot Camp, described the kinds of people that take part in the camp. "Men and women of all ages attend the camp. There is no 'typical' participant. We've had teenagers, and many campers in their 80s. Reporters, business entrepreneurs and Naval architects are only a few of the professions represented by Yankee Woodlot clientele."

Education in the Woods

A 15-acre woodlot at Tanglewood serves as the outdoor classroom for the Yankee Woodlot Camp. Each day, the forestry group is in the woods, learning how to make a compass map, read aerial photographs and identify trees and shrubs. Participants also learn to make a forest stand map, evaluate soil conditions, understand a timber inventory and identify wildlife habitats.

The week is an intense learning experience, yet lots of fun, according to past campers. Each evening, campers gather in the lodge to view a segment of the "Yankee Woodlot" video series, which was produced by the Maine Public Broadcasting Network and Cooperative Extension. The videos preview the activities the group will undertake the following day.

By the end of the week, Yankee Woodlot campers have all the tools and know-how they need to develop a management plan for their woodlots.

From Participants to Leaders

Yankee Woodlot graduates frequently become very involved in woodlot management issues. Sometimes, they even become leaders in forestry endeavors. Judy Berg, a 1985 Yankee Woodlot participant, is a good example. She now manages her family's 200-acre woodlot in Buckfield, Maine and is very involved in the Small Woodland Owners Association of Maine.

"I came back from the camp euphoric," reports Berg. "The camp was like a college silviculture course all in one week. We focused on trees from 7:30 a.m. 'til 10 p.m. When I got home, I immediately had my whole family running around in the woods measuring trees, pacing off distances for a management plan and looking for signs of wildlife."

After participating in the forestry camp, Berg became a volunteer for Extension's woodland volunteer program. A joint venture of Extension, the Maine Forest Service and the Small Woodland Owners Association of Maine, the woodland volunteer program provides information, resources, referrals and motivation for 80,000 people in Maine who privately own woodlands of 10 acres or more.

Judy's experience is similar to others who attend Yankee Woodlot Forestry Camp. If you currently own, or are interested in owning, a private woodlot, the Camp is a good investment of time and energy. Whether you want to have a logging business, make wreaths from trees you own, sell pine needles, build a home in your woods, hunt or attract wildlife, Yankee Woodlot Camp provides you with the know-how you need.

For more information about Yankee Woodlot Camp, contact Les Hyde, Extension educator, Knox-Lincoln

County Cooperative Extension Office, x3392 or 1-800-244-2104, or Bud Blumenstock, Extension forestry specialist, x2890.

Did You Know ...

▼ There are 80,000 privately owned woodlots in Maine, from Fort Kent to Kittery.

▼ There are 8 million private, non-industrial woodlot owners in the United States.

▼ *Yankee Woodlot* and *Great American Woodlots*, two educational video series, are available for loan or purchase. For more information, contact the Extension Forestry Office, x2892.

Upcoming Extension Programs ...

▼ Sustainable Agriculture Farm Tour, Wednesday, Oct. 14, York-Ogunquit Methodist Church, Route 1 (starting point). The free, daylong tour will include stops at farming operations in coastal Maine and New Hampshire. For more information, contact Tammy, 1-800-287-1471 (Maine) or Gail, (603) 679-6516.

▼ Blueberry Compost Site Open House, Thursday, Sept. 24, Jonesboro. Contact: Dave Yarborough, x2923.

Yankee Woodlot campers learn how to use a compass as part of the weeklong educational experience in Lincolnville.

Maine Perspective classified ads are published weekly and are free to faculty, staff and students at the University of Maine. Ads must be typewritten and include a telephone number. They will be published one week only unless otherwise specified. Send ads to: Maine Perspective Classifieds, Public Affairs. Ads must be received by 9 a.m. the Friday before they are to appear in the next week's issue.

Machado's Early Poetry," at the Mid America Conference on Hispanic Literature (University of Nebraska, Lincoln), Oct. 2-5; "Writing in Bécquer's *Escenas de Madrid*" at the Annual Meeting of the Northeastern Modern Languages Association (Buffalo, N.Y.), April 3-5; and "Metahistory in Valle-Inclán's *Sonatas*," at the triannual International Association of Hispanists (University of California, Irvine), Aug. 25-29.

Russell Briggs, assistant research professor, College of Forest Resources, was elected - for a four-year term as chair-elect of the C2 Soils Working Group, Society of American Foresters, beginning Jan. 1.

DOROTHY CLARKE WILSON PEACE ESSAY AWARD

Dorothy Clarke Wilson of Orono, an internationally known writer and peace advocate, won a prize for an essay she wrote in 1925 at Bates College titled, "Arbitration Instead of War." It was that prize, Wilson says, that marked the beginning of her life-long commitment to research, and writing on social issues and world peace. Now, to encourage today's students to share that commitment, Wilson has established a \$500 annual award for the most compelling peace essay. This year's topic: "The Things that Make for Peace." Eligibility requirements: The essay competition is open to all University of Maine undergraduate students. The recipient will be determined by the Dorothy Clarke Wilson Peace Essay Committee. Essays of 700-1,500 words can be from a personal, social, campus, national, global and "cosmic" perspective. Manuscripts will be judged on substance and structure; in particular, the Committee is looking for insight, originality and thoughtfulness. Submissions must include the original double-spaced manuscript and two copies, complete with a detachable cover sheet with name, class, address and phone number. Deadline for entry: Oct. 5. Send submissions to: Dorothy Clarke Wilson Peace Essay Committee, Wilson Center, 67 College Ave., Orono, ME 04473. The Award will be presented at the Wilson Center Annual Dinner Oct. 30.

CAMPUS NOTES

The Employee Assistance Program is here for all faculty and staff and their immediate families. Particularly during these stressful times, it is often helpful to discuss our concerns with a neutral professional. The EAP can listen to you, help you sort out your issues, and provide you with a wide variety of resources. Call 581-4014 for a strictly confidential appointment.

The Employee Assistance Program - Emergency Loan Fund (EAP-ELF) is available to all UM employees experiencing personal financial emergencies, with interest-free loans up to \$750 in one year to be paid back by payroll deduction. Call the EAP at 581-4014 for an appointment.

The Institutional Animal Care and Use Committee (IACUC) would like to remind investigators/instructors that no research, teaching, or testing activities using live vertebrate animals shall be initiated until the IACUC has approved a protocol for such use. Dates of the IACUC meetings for the fall semester are listed below. Protocols for approval should be submitted two weeks prior to the meeting date in order to be reviewed at that meeting. Protocol review forms and copies of the University's Policy and Procedures for the Humane Care and Use of Animals are available from Gayle Anderson, Office of Research and Sponsored Programs, 26 Coburn Hall, x1498. IACUC Meeting Dates: Sept. 22, Oct. 20, Nov. 17, Dec. 15.

The Council of Pluralism seeks nominations and expressions of interest for membership positions on the Council of Pluralism or on the Council's work groups. Open to all members of the University community. For more information, please call Mary Barnard, Academic Affairs, x1547.

Again this year the Employee Assistance Program is offering therapy/support groups to University faculty and staff and their immediate families. First preference is given to UM employees, both full-time and part-time, next to household members of UM employees and if space is available, to the community at large (for a nominal additional fee). These groups are offered because of a lack of available resources in the community, convenience of location, privacy of setting, and because of the substantial cost savings. For example most groups in the area charge each participant \$35/session. The EAP is offering these groups at \$8/session, payroll deductible. All groups will be facilitated by a professional in the mental health field and begin as noted, at the EAP Office, 126A College Ave. Call the EAP Office, x4014 ASAP for more information and/or to register. Space is limited. The groups are: Developing an Effective Parenting Style, six weeks beginning this month on Monday 4:30-6 p.m. or Tuesday 7:30-9 a.m., facilitated by Anne Geroski, a doctoral student in the University of Maine's Counselor Education Program; Women's Self-Esteem Group, 10 weeks starting as soon as the group is filled, facilitated by Betsy Page, a licensed clinical professional counselor and doctoral student in the University of Maine's Counselor Education Program; Ending a Relationship: Separation and Divorce, 10 weeks starting in October; Communication: The Bridge to Effective Relationships, 10 weeks, Tuesdays starting Sept. 29, 4:30-6 p.m., facilitated by Sashi Govin, a doctoral student in the Counselor Education program

at the University of Maine; No Time To Say Goodbye: Understanding and Coping With Loss, 10 weeks, Wednesdays starting Sept. 30, 4:30-6 p.m., facilitated by Sashi Govin.

The Institutional Animal Care and Use Committee (IACUC) is announcing the fall offering of its biannual training program on the care and use of animals as early as possible in order to help people plan ahead. The first offering for AY92-93 will be held on Oct. 27, 3-5 p.m., Lown Rooms, Union. People who attended previous training sessions do not have to attend. This campuswide training program is in compliance with federal regulation and the University's approved Animal Welfare Assurance. All faculty, staff, and students who work with live, vertebrate, non-human animals are required to participate in the program. The IACUC will issue reminders and registration information in *Maine Perspective* in October. If you have any questions, please contact Gayle Anderson, Office of Research and Sponsored Programs, x1498.

Surplus Sale: The University of Maine offers for sale, on an as-is where-is basis, the following: (3) IBM PC 5150, 256K, 40 meg HD, mono monitors, \$275 each; (1) TEC 8510 PRINTER, \$25; (1) NEC P7 PINWRITER PRINTER, \$75; (1) SONY MICRO DICTATOR/TRANSCIBER, \$50; (3) WOODEN CHAIRS, straight back, \$10 each; (2) TYPEWRITER STANDS, \$15 each; (1) INMAC 1200 MODEM, \$35; (1) VEN-TEL 1200-32 MODEM, \$35; (2) ACOUSTICAL PRINTER HOODS, Inmac & Gates, \$25 each; (2) VISUAL 230 TERMINALS, \$100 each; (2) VISUAL 603 TERMINALS, \$100 each; (1) PALLET JACK, 27" x 36", 5,000 lb. capacity, \$285; (3) CHAINSAWS, Stihl, Lombard, Remington, for parts \$10 total; (1) THREE PHASE DC WELDER, \$20; (1) TOYOTA ENGINE, w/ transmission, \$10; (2) INTERNATIONAL ENGINES, \$100 & \$125; (2) OVERHEAD PROJECTORS, \$5 each; (1) SNOW-

SPONSORED PROGRAMS

International Research & Exchanges Board promotes scholarship in and about Central and Eastern Europe, the states of the former Soviet Union, and Mongolia, particularly in the humanities and social sciences. Deadlines for 1993-94 awards: Short-Term Travel Grants, Oct. 1, Feb. 1, June 1; Individual Research Opportunities, On-Site Language Training, Slavonic Studies Seminar, Nov. 1; Developmental Fellowships, Feb. 15.

U.S. Department of Energy's new Program for Ecosystem Research: Fundamental (PERF) will support studies emphasizing theoretical and empirical couplings of four themes: how terrestrial organisms respond to atmospheric and global climate changes, how such responses are controlled, how responses and controls can be detected and measured, and how responses

are integrated across organizational levels to produce terrestrial ecosystem adjustments. Preproposals before Oct. 15 are encouraged. Formal proposals are due Jan. 4.

U.S. Department of Education's International Research and Studies Program supports studies to improve and strengthen instruction in modern foreign languages, area studies, and related fields. FY 93 priorities include development of materials for elementary and secondary education levels. Deadline: Nov. 2.

Social Science Research Council and American Council of Learned Societies request proposals for seed grants of up to \$15,000 to plan and initiate collaborative, interdisciplinary research projects that analyze transnational phenomena and/or that employ interregional comparisons to gain fresh perspectives on social and cultural processes and institutions. Deadline: Dec. 1.

National Science Foundation's new Hydrologic Sciences Program supports studies of the earth's hydrologic cycle and the role of water on and near the continental surfaces. Projects involve water in the form of precipitation, lakes, streams, and groundwater, and interactions with land-

forms, soils, the atmosphere, the biosphere, and the earth's crust. Deadlines: Dec. 1, June 1.

For more information, call Research & Sponsored Programs, x1476

Jennifer Craig Pixley, graduate student in the English Department: "Anne and Julia," a short story in *Sojourner*, Vol. 18, No. 1. (September 1992).

David C. Smith, History/Quaternary, and **Judy Barrett Litoff**, UM Ph.D., 1976: "Writing is Fighting Too": The World War II Correspondence of Southern Women," *The Georgia Historical Quarterly*, Vol. LXVVI, No. 2 (Summer 1992) pp. 436-457. This issue is a special double issue on the subject: "The Diversity of Southern Gender and Race: Women in Georgia and the South."
